

Name:JuiAwate

Designation:Technology Analyst

Organization:Infosys Limited

College Infrastructure:

The college in first structure is truly impressive. The classrooms are well equipped with the modern ambience like projectors and comfortable seats. The laboratory a state of art, providing students with an experience. The library is a heaven of knowledge seekers, boosting a vast collection of book journals.

Academics:

My experience at this college is truly outstanding. The professors are highly passionate about the subjects. The curriculum is well structure and covers by the range of topics and showing the students gain a comprehensive understanding on the fields.

Placements:

The placement record at this college is truly commendable, the high percentage of students are placed in companies across the various sectors. The placement process itself is well organised and efficient with the college providing support to the students toward their job search.The average salary offered is also quite competitive. College having strong connections with industries.
