Alumni Meet 2025 Report

Alumni meet Date: 19th Jan 2025, 10.30am to 4.00pm

The Alumni Association Coordination Committee of Gharda Institute of Technology (GIT) successfully organized the annual alumni reunion, providing a dedicated platform for graduates to reconnect, reminisce about their college days, and share their experiences, insights, and suggestions. Invitations were extended to all alumni students, with communication channels including email, Facebook, WhatsApp, the college website, and direct phone calls.

The alumni meet for this year was held on **19th January 2025** at **Fern Residency, Turbhe, Navi Mumbai**, with the participation of alumni from all five departments, ensuring a unified and inclusive gathering. A total of 48 alumni, ranging from the 2011 to 2017 batches, attended the event, demonstrating strong engagement. To streamline the process, department coordinators proactively shared a registration link well in advance, utilizing a Google Form to capture essential details such as job profiles, company affiliations, and career progress.

The program commenced with an address from Principal Dr. Pramod Patil, who welcomed all alumni and their families. Following this, the Heads of Departments presented the current activities and developments within their respective departments, providing an opportunity for alumni to observe the advancements made on campus over time.

The registered Alumni Association, GIT Vidyarthi Sangh, officially recognized under the Maharashtra Cooperative Act, was represented by Chairman Mrs. Vaishali N. Rane, who outlined various activities that the association could pursue, including alumni meets, blood donation camps, book donations, and scholarships. She emphasized that, in line with the association's bylaws, there is a desire to conduct more events aimed at both financial support and knowledge sharing, aligning with the association's future plans.

Alumni also shared their thoughts on the current corporate landscape and reflected on their cherished memories from their time at GIT. Notable contributions during the event included Mr. Sheth's suggestion to utilize new technologies as a solution to address economic challenges, Mr. Sandesh's discussion on various national-level research and higher study opportunities, and Mr. Amit Koli's appreciation for the support and encouragement he received from the GIT faculty, which played a crucial role in his achievements.

Additionally, Col. Ratnesh Sinha, Head of Administration, appealed to the alumni to remain actively involved in the association and to offer guidance to current students throughout their academic and professional journeys. Prof. Tirupati Illtapawar hosted the event The event concluded successfully under the able guidance of Principal Dr. P.B. Patil, with the active participation and contributions from alumni strengthening the bond between past and present members of the Gharda Institute of Technology community.
