

Mr. Prathmesh Tambe

(Biotech- MMS-HR, PhD in Business Administration- Pursuing)

(Assistant Professor, Head of MMS Department)

Hello Learners!

Welcome to the **Department of Master of Management Studies (MMS)** at **Gharda Institute of Technology & Management**. I am expertise in **Human ResourceManagement, Marketing, Research, Digital Marketing, Training and Development, Artificial Intelligence in Higher Education** and OBE. I am committed to delivering **quality management education** that bridges academic excellence with industry expectations.

Our department is dedicated to **academic excellence, research, innovation, industry collaboration, internships, corporate training, entrepreneurship, leadership development, and placement readiness**. We strive to equip students with practical knowledge, ethical values, and future-ready skills while fostering a culture of lifelong learning, social responsibility, and sustainable development.

We strongly believe that **education should create not only successful professionals but also responsible leaders who contribute meaningfully to society**. Through **industry interactions, live projects, certifications, guest lectures, skill development programs, and experiential learning**. At GITM, our vision is to build a learning ecosystem that encourages **innovation, critical thinking, digital transformation, global perspectives, and continuous professional growth**.
