Practical study

Overall teaching-learning process is quite efficient. Requires more communication with students individually.

1. Teacher can give practical example.
2. Teacher's have to improve students weakness in study.

- 1(Use better graphics and visual media to engage students well. Better graphics and colors arouse the interest and desire to learn among students.
- 2) Try to reach every student and ask for their doubts. ...
- 3) Make teaching a two way interaction.
- 4) Make eye contact and address students by name.

They should provide equality about training for student who are in sports

Not needed we are fully satisfied..!!!

- 1) Improve teaching style.
- 2) Make some funny example during lectures

I am satisfied teaching style

Best learning experience throughout the semester.

No Comments

Do not take lectures throughout the day.

Teachers can provide real life applications of the concepts they are teaching. This would make it interesting for the students to learn and gain knowledge. Otherwise the overall teaching/learning experience is excellent.

Teachers should be able to identify the weaknesses and strength of student and help to overcome with that. And give courage to go ahead.

It's very good

All the teaching staff is best teaching staff.

All the teaching staff is best teaching staff.

Please use Applied industrial examples while teaching

Please focus on the Industrial visits and Industrial internships, from this students will get actual perspective and knowledge about industry.

Teacher must solve the problems of the student that student does not identify in daily education.

Industrial knowledge , pactical examples

Very well teaching

Take 1st sessional

Students are unable to match the speed of offline teaching as it is very fast and hard to grasp , The concepts are not cleared ..
