

Report on Career Opportunities in IT and Upskilling through Visionary IT Global

Date: 10/10/2025

A guest session on “**Career Opportunities in IT and Upskilling through Visionary IT Global**” was organized on **10th October 2025** for **MCA students**. The session was conducted by **Ms. Kavita Patil**, Founder of **Visionary IT Global**, Pune.

The objective of the session was to create awareness among students about the wide range of **career opportunities in the IT sector** and the significance of **continuous learning and upskilling** to meet industry demands.

Ms. Patil provided valuable insights into the **latest trends and technologies** shaping the IT industry, such as cloud computing, data analytics, full-stack development, and artificial intelligence. She emphasized the importance of developing both technical and soft skills to enhance employability and professional growth.

During the session, Ms. Patil also introduced various **internship opportunities** and **industry-oriented certification courses** offered by Visionary IT Global. These programs aim to provide students with hands-on experience and exposure to real-world IT projects, thereby preparing them for successful careers in the software industry.

The session was highly informative and interactive. Students actively participated, clarified their doubts, and showed keen interest in the internship and training opportunities discussed.

Outcome:

- Students gained awareness about current and emerging IT career paths.
- Understood the importance of upskilling and continuous learning.
- Received information about internships and professional certification courses offered by Visionary IT Global.
