**Guest lecture on "Career opportunities in various domains of Mechanical Engineering" 08/02/2024**

A guest lecture on "Career Opportunities in Various Domains of Mechanical Engineering" was conducted on 8th February 2024. The session covered emerging fields, industry demands, and skill development essential for mechanical engineers.

**Expert Lecture on “Evaluation of Stress Intensity Factor of A Center Cracked Plate” By Dr. V. R. Khalkar on 21/02/2024**

Dr. V.R. Khalkar delivered an expert lecture on "Evaluation of Stress Intensity Factor of a Center Cracked Plate" on 21st February 2024. The session covered fracture mechanics, stress analysis, and failure prediction techniques. Students gained valuable insights into the importance of stress intensity factors in structural integrity and material failure analysis.

**Expert Lecture by Karan Madav on 22/02/2024**

An expert lecture by Mr. Karan Madav was conducted on 22nd February 2024, focusing on industry insights and emerging trends in mechanical engineering. He shared valuable knowledge on practical applications, career opportunities, and skill development.

**Railway Workshop Industrial Visit to Railway Workshop on 29/02/2024**

An industrial visit to the Railway Workshop was organized on 29th February 2024, providing students with practical exposure to railway maintenance and manufacturing processes. They observed locomotive overhauling, component fabrication, and safety protocols in railway operations.

**Technical Festival SHODH 2024 on 01 & 02/04/2024**

The annual technical festival, SHODH 2024, was held on 1st and 2nd April 2024, showcasing innovation, creativity, and technical excellence. The event featured project exhibitions, technical competitions, and expert talks, providing a platform for students to demonstrate their skills.

### Parents Meet held on 06/04/2024

A **Parents Meet** was held on **6th April 2024** to strengthen the collaboration between **parents, students, and faculty**. Discussions focused on **academic performance, career guidance, and student development**. The interactive session provided valuable insights, ensuring better support for students' growth and success.
