Autocad and Inventor Course conducted 26/06/2023 to 11/07/2023

A training program on AutoCAD and Inventor was conducted by Prof. V.R. Khalkar and Prof. S.S. Gajmal from 26th June to 11th July 2023, focusing on CAD and 3D modeling. Students gained hands-on experience in technical drafting and parametric design, enhancing their industry-ready skills. The program received enthusiastic participation and positive feedback.

FE 2023-24 Induction Program Visit to Mechanical Department

As part of the **FE 2023-24 Induction Program**, First-Year Engineering students visited the **Mechanical Engineering Department** to explore its **laboratories, facilities, and ongoing projects**. Faculty members provided insights into **core mechanical engineering concepts, lab equipment, and career opportunities**. The visit helped students understand the department's role in their academic journey and future technical growth.

Expert Lecture on Health and Safety by Prof. O.A. Jarali on 06/09/2023

An expert lecture on Health and Safety was delivered by Prof. O.A. Jarali on 6th September 2023. The session covered workplace safety, risk management, and preventive measures to ensure a secure environment. Students gained valuable insights into industrial safety protocols and personal well-being, making the session highly informative and impactful.

Guidance for Minor and Major Project by Dr. B.A. Danawade on 11/10/2023

Dr. B.A. Danawade conducted a session on **11th October 2023**, guiding students on **Minor and Major Projects**. He provided insights into **project selection, research methodologies, and execution strategies**. The session helped students enhance their **technical skills and problem-solving abilities** for successful project development..

Modi Live conducted on 19/10/2023

On **19th October 2023**, a live screening of **Prime Minister Narendra Modi's address** was conducted. Students and faculty members attended the session to gain insights into **national policies, development initiatives, and future opportunities**

Parents Meet 2023 taken on 21/10/2023

A **Parents Meet** was organized on **21st October 2023** to strengthen communication between **faculty and parents**. Discussions focused on **academic progress, student development, and future career prospects**. The interactive session fostered collaboration, ensuring better support for students' growth and success

Khande Navami 2023 on 23/10/2023

The **Khande Navami** festival was celebrated on **23rd October 2023** with great enthusiasm. The event highlighted the significance of **tools and machinery in engineering**, symbolizing skill, precision, and innovation. Faculty and students participated in the rituals, reinforcing respect for craftsmanship and technical excellence.
