This fest is organized every year with the objective to provide a platform for the students to showcase their talent with a competitive spirit. The event was successful enough to attract more than 300 registrations across the state for a one-day national level fest which includes all the events.

Students actively participated in all the events and presented their work. The fest executed with a total of 11 events planned and organized at its best of quality. Focusing on the types of events to include in the fest was decided by fest coordinators keeping the interest and need of the engineering student into consideration, with little emphasis on the fun full events behind the scene.

The events like Speed programming, LAN Gaming, Circuit Making, Poster Presentation, Town Planning, Start-Up Idea (B-Plan), Project presentation, Puzzle Katta, CAD modelling, Technical Quiz presentation and many more events were equally planned, executed and have managed to gather maximum response.

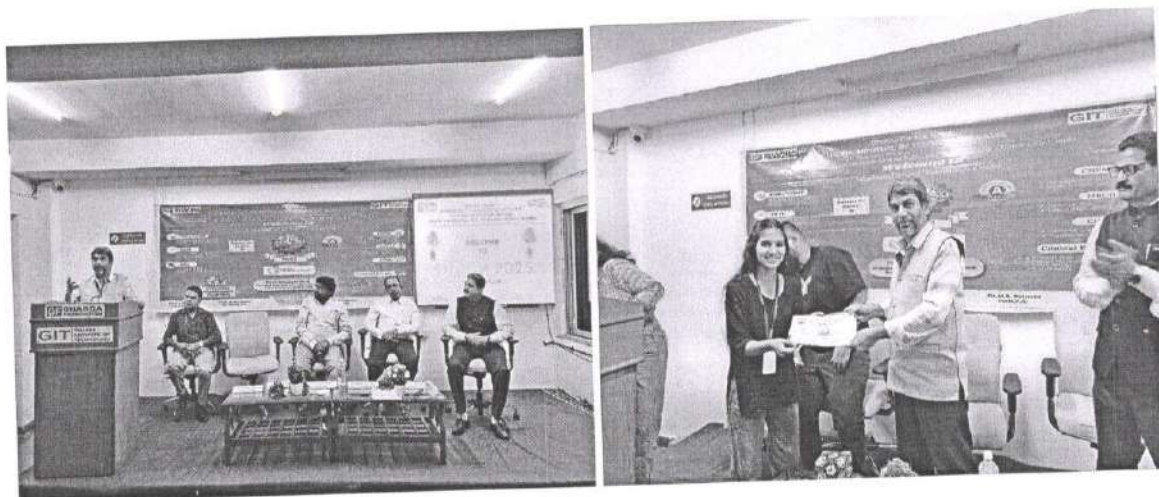

The winners were encouraged with cash prizes and certificates for all the events. Department feels proud to organize such a successful event and would like to

convey thanks to the principal and management for their timely advice and cooperation for organizing a successful Fest.
